

PRESS RELEASE

BARCOLANA CLOSES AN AGREEMENT WITH BURIN BOATS TO BRING A FLEET OF EIGHTEEN HONDA-POWERED HIGHFIELD RIBS TO SUPPORT THE EVENT, AS IN MAJOR INTERNATIONAL SAILING EVENTS

Trieste, May 26th, 2023 - A fleet of eighteen 6- to 9-metre ribs at the disposal of the organisation in **Barcolana55** presented by **Generali**: this is the innovative agreement closed with **Burin Boats** in collaboration with **Highfield** and **Honda Marine** to support the 55th edition of the event.

The eighteen boats will allow for greater control of the racecourse, but also advance the Barcolana Experience project dedicated to the public: the fleet will in fact be at the disposal of the organisation, guests and partners to better manage hospitality and regattas, as happens in the main international sailing events.

In addition to the Barcolana service, there will also be an interesting opportunity for **boat owners and motorboat enthusiasts**, who with the "**Barcolana Limited Edition**" will be able to immediately purchase the boats at a heavily discounted price, making them available to the Barcolana organisation during the days of the event. **Six models can be purchased, four from the Sport range** (Sport 760 with Honda BF250 XRU, Sport 900 with Twin Honda BF250 XDU, Sport 700 with Honda BF200 XRU and Sport 660 with Honda BF150 XRU), and **two from the Patrol range** (Patrol 760 with Honda BF250 XRU and Patrol 700 with Honda BF200 XRU). All are equipped with **Honda Marine engines** and are delivered fully equipped.

"We are taking an important step forward in terms of safety and logistical management of the event," said Società Velica di Barcola e Grignano President Mitja Gialuz. "I would like to thank Burin Boats for the development of the project, which has been very successful in events such as the prestigious Route du Rhum. We will use the means to make our event even more efficient and wider".

On the [Barcolana](#) and [Burin Boats](#) website details of the promotion are available. Requests for further information and contact details can be sent to booking@barcolana.it.
